6 month-old Jenna "Jennabear" Lynne was tragically taken from her parents in March 2007 when a truck violently rear-ended the family car. Her older sister Hayley was taken to the hospital in critical condition.

After seeing how scared and lonely some of children were in the hospital, the JENNABEARS Foundation was created.

From custom-made Jennabears to Jennabear Trauma Baskets.

The JENNABEARS Foundation tries to bring a little happiness to the Families and Children in hospitals.
